MUHAMMAD HUZAIFA AQEEL

Full Stack Web Developer

Rawalpindi, Pakistan | +92 330 5979548 | huzaifaa.aqeel@gmail.com | linkedin.com/in/ai-huzaifa-aqeel | github.com/HuzaifaAqeel

PROFESSIONAL SUMMARY

Full Stack Web Developer with **2+ years of experience** designing, building, and deploying production web applications for startups and individual clients. Strong across the modern web stack: **React + TypeScript** frontends with Tailwind CSS and component libraries, **Node.js/Express** REST APIs, and **MongoDB/PostgreSQL** data layers. Experienced through the full lifecycle — requirements gathering, system architecture, authentication, API design, database modeling, deployment, and maintenance. Known for clean, maintainable code, clear client communication, and reliable delivery.

TECHNICAL SKILLS

- **Frontend:** React, TypeScript, JavaScript (ES6+), Vite, Tailwind CSS, shadcn/ui (Radix UI), React Hook Form, Zod validation, React Router, Context API, responsive & mobile-first design, HTML5, CSS3
- **Backend:** Node.js, Express.js, RESTful API design, JWT authentication & authorization, middleware architecture, MVC patterns, input validation, structured error handling
- **Databases:** MongoDB, Mongoose, PostgreSQL, schema design & data modeling, indexing, query optimization
- **DevOps & Tools:** Git, GitHub, Docker, Vercel, Render, CI/CD basics, Postman, pnpm/npm, environment-based configuration
- **AI Integration:** Python, Google Gemini API, LangChain, RAG pipelines, Streamlit — embedding chat, summarization, and document Q&A into web apps

PROFESSIONAL EXPERIENCE

Web Developer — Rawalpindi Institute of Technology (RIT) 2022 – 2023

Rawalpindi, Pakistan | 6 months

- Developed and maintained the institute's official website, covering admissions, academic programs, faculty profiles, and news & events sections.
- Built an online admission enquiry system with validated application forms and an admin panel for staff to review and manage enquiries.
- Implemented student notices and results display pages, keeping academic content accurate and up to date each term.
- Improved mobile responsiveness and page-load performance; fixed cross-browser layout bugs across the site.
- Coordinated directly with institute administration to gather content requirements and publish timely updates.

Full-Time Web Developer — Aridian Array Software Society 2024 – 2025

Full-time | 1 year

- Worked full-time on client and in-house web projects across the MERN stack, from feature development to production deployment.
- Built responsive React + TypeScript frontends with Tailwind CSS and reusable component libraries for dashboards, landing pages, and business portals.
- Developed secure Node.js/Express REST APIs with JWT authentication, role-based access control, and Zod-validated inputs.
- Designed MongoDB schemas with Mongoose; wrote aggregation pipelines and added indexing for reporting and search features.
- Collaborated with designers and senior developers in an Agile workflow — Git branching, code reviews, and sprint-based delivery.
- Deployed applications to Vercel and Render with environment-based configuration; integrated third-party APIs (payments, email, maps) and handled post-launch bug fixes.

Freelance Full Stack Web Developer 2023 – Present

Self-employed | Rawalpindi, Pakistan

- Designed and delivered multiple full-stack web applications for startups and individual clients, owning the full lifecycle from requirements and architecture to deployment and ongoing maintenance.
- Built responsive React + TypeScript frontends with Tailwind CSS and reusable component libraries, delivering fast,

accessible interfaces with complex forms, data tables, and dashboards.

- Developed secure Node.js/Express REST APIs with JWT-based authentication, role-based access control, Zod input validation, and consistent error-handling middleware.
- Embedded AI/LLM features (chat, summarization, document Q&A) into client platforms via Python microservices and the Gemini API.

PROJECTS

Pathfinder AI — Career Guidance Platform github.com/HuzaifaAqeel/Pathfinder

React, TypeScript, Node.js, Express, Zod, pnpm monorepo

- Full-stack platform that helps users discover careers, build learning roadmaps, analyze resumes, find jobs, and chat with an AI career coach.
- Architected a **pnpm monorepo** with a React frontend, a dedicated Express API server, and a shared API-spec package with **code-generated, type-safe hooks and Zod schemas**.

Wizards Detailing — Business Website & Platform github.com/HuzaifaAqeel/Wizards-Detailing

React, TypeScript, Tailwind CSS, shadcn/ui, Express, PostgreSQL, Vercel

- End-to-end website for a car detailing business with service listings, booking flows, and an admin management area.
- Built the Express backend with **modular routes, middleware** (auth, validation, error handling), and a **PostgreSQL** data layer.
- Crafted a polished, accessible UI with **Radix/shadcn components**, React Hook Form, and schema validation; configured **Vercel** deployment with environment-based config.

AURA Robot System — Face-Recognition Attendance github.com/HuzaifaAqeel/Aura-Bot

JavaScript, Python, Node.js

- University attendance and information system combining a face-recognition service with a full web admin panel.
- Built the admin panel with **secure login, student face enrollment**, and teacher / subject / timetable management, plus a **kiosk-mode** face-scanner interface.

TheHexaSystem — Large-Scale Web Application github.com/HuzaifaAqeel/TheHexaSystem

React, TypeScript, Vite, Tailwind CSS

- Large frontend codebase (4,500+ KB of JS/TS) built with **Vite**, featuring a full design-system component library.
- Implemented complex forms, dialogs, navigation patterns, and data displays with **strong typing throughout** and reusable, tested components.

EDUCATION

- **BS Computer Science** — University Institute of Information Technology (UIIT), Rawalpindi | 2022 – 2026 | **CGPA 3.5/4.0**
- **AI Agentic Engineer** — Presidential Initiative for Artificial Intelligence & Computing (PIAIC) | 2023 – 2024
- **Pre-Engineering** — Fazaia Inter College, Jinnah Camp, Nur Khan | 2019 – 2021 | 975/1100

CERTIFICATIONS

- **MERN Stack Web Development** — Aridian Array Software Society
- **Meta Front-End Developer Professional Certificate** — Meta (Coursera)
- **Meta Back-End Developer Professional Certificate** — Meta (Coursera)
- **Full-Stack Web Development with React** — HKUST (Coursera)
- **JavaScript Algorithms and Data Structures** — freeCodeCamp
- **Responsive Web Design** — freeCodeCamp
- **The Web Developer Bootcamp** — Udemy
- **MongoDB Associate Developer** — MongoDB University
- **AI Agent Developer** — Coursera
- **Artificial Intelligence** — Cognitive Class (IBM)
- **Machine Learning** — Cognitive Class (IBM)
